#### FOR IMMEDIATE RELEASE

# UNIVERSAL STAINLESS REPORTS CORRECTION TO PREVIOUSLY REPORTED THIRD OUARTER 2012 RESULTS

BRIDGEVILLE, PA, November 5, 2012 – Universal Stainless & Alloy Products, Inc. (Nasdaq: USAP) reported today that it is correcting the results for the third quarter of 2012 previously reported on October 24, 2012. This was necessitated by the discovery of an incorrect customer invoice, for which a credit memo has now been issued.

The effect of this correction is that previously reported sales for the third quarter of 2012 were reduced by \$0.9 million to \$61.4 million from the \$62.3 million originally reported. Accordingly, corrected operating income for the third quarter of 2012 is \$4.7 million and corrected net income is \$2.7 million or \$0.38 per diluted share.

Related adjustments also have been made in the segment report for the Company's Universal Stainless & Alloy Products segment as well as in accounts receivable and other items on the balance sheet and cash flow statements.

The corrected financial tables for the third quarter of 2012 accompany this announcement. Investors are also advised to refer to the Quarterly Report on Form 10-Q for the period, which the Company expects to file on November 9, 2012.

Chairman, President and CEO Dennis Oates stated: "We are disappointed that this adjustment was necessary and we have taken immediate action to prevent this from happening again."

#### Forward-Looking Information Safe Harbor

Except for historical information contained herein, the statements in this release are forward-looking statements that are made pursuant to the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995. Forward-looking statements involve known and unknown risks and uncertainties that may cause the Company's actual results in future periods to differ materially from forecasted results. Those risks include, among others, the concentrated nature of the Company's customer base to date and the Company's

dependence on its significant customers; the receipt, pricing and timing of future customer orders; changes in product mix; the limited number of raw material and energy suppliers and significant fluctuations that may occur in raw material and energy prices; risks related to property, plant and equipment, including the Company's reliance on the continuing operation of critical manufacturing equipment; risks associated with labor matters; the Company's ongoing requirement for continued compliance with laws and regulations, including applicable safety and environmental regulations; the ultimate outcome of the Company's current and future litigation and matters; risks related to acquisitions that the Company may make; and the impact of various economic, credit and market risk uncertainties. Many of these factors are not within the Company's control and involve known and unknown risks and uncertainties that may cause the Company's actual results in future periods to be materially different from any future performance suggested herein. Any unfavorable change in the foregoing or other factors could have a material adverse effect on the Company's business, financial condition and results of operations. Further, the Company operates in an industry sector where securities values may be volatile and may be influenced by economic and other factors beyond the Company's control. Certain of these risks and other risks are described in the Company's filings with the Securities and Exchange Commission (SEC) over the last 12 months, copies of which are available from the SEC or may be obtained upon request from the Company.
