UNIVERSAL STAINLESS REPORTS TITUSVILLE EMPLOYEE
WORK STOPPAGE

BRIDGEVILLE, PA, October 3, 2005 - Universal Stainless & Alloy Products, Inc. (Nasdaq:USAP) today announced that the Titusville facility hourly employees, represented by Local 7312-03 of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO CLC, have rejected a new collective bargaining agreement offered by the Company that included increased wages and other benefits. The most recent agreement expired on September 30, 2005. The employees have commenced a work stoppage at the Titusville facility, which includes five vacuum-arc remelt furnaces and the Precision Rolled Products department. The Titusville facility represents less than 6% of the Company's net sales. The Company's primary facilities in Bridgeville, PA and Dunkirk, NY, which are under separate collective bargaining agreements, will continue normal operations.

Mac McAninch, President and Chief Executive Officer, commented: "We are implementing our contingency plan in order to continue serving our customers, while working with the union to reach an acceptable agreement."

About Universal Stainless & Alloy Products, Inc.

Universal Stainless & Alloy Products, Inc., headquartered in Bridgeville, Pa., manufactures and markets a broad line of semi-finished and finished specialty steels, including stainless steel, tool steel and certain other alloyed steels. The Company's products are sold to original equipment manufacturers, service centers, forgers, rerollers and wire redrawers.

Forward-Looking Information Safe Harbor

Except for historical information contained herein, the statements in this release are forward-looking statements that are made pursuant to the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995. Forward-looking statements involve known and unknown risks and uncertainties that may cause the Company's actual results in future periods to differ materially from forecasted results. Those risks include, among others, risks associated with the receipt, pricing and timing of future customer orders, risks associated with significant fluctuations that may occur in raw material and energy prices, risks associated with the manufacturing process and production yields, risks related to property, plant and equipment and risks related to the ultimate outcome of the Company's current and future litigation and regulatory matters. Certain of these risks and other risks are described in the Company's filings with the Securities and Exchange Commission (SEC) over the last 12 months, copies of which are available from the SEC or may be obtained upon request from the Company.
